

## **Update for Parish Champions: lockdown 3**

Now we've entered lockdown 3, we've seen a significant drop in demand for bus services, so we're retiming some quieter journeys so that we can allocate our resources to busy journeys that are more important to key workers. We'll also be suspending a small number of night journeys that are mainly used by people coming home from nights out.

These changes mainly affect frequent services in and around the Hull area. All other services not listed below will continue to run as normal.

We'll continue to run these lockdown timetables until lockdown ends or government guidance changes.

### **Lockdown timetables**

The following services will move to lockdown timetables.
